Staedtler Pigment Liners 0.1 through to 0.8 (Most used 0.2)

If you wish to try these pens start small and see which ones you prefer. I gathered this collection slowly starting with single items. If you find a pen or pencil you like it makes sense to purchase in packs where possible to reduce costs, although check prices – sometimes individual purchases are no dearer.

Overall my favourite ink pen is the Staedtler Pigment Liner. A brilliant all-rounder; indelible, waterproof on paper, lightfast, permanent and an 18 Hour cap off feature! (Personally, if the cap's off I write or draw!)

There are many other brilliant products on the market; experiment and discover what suits you best.
